INTRODUCTION TO THE RULES AND REGULATIONS FOR WINGATE SCHOOL

The educational institution known as WINGATE SCHOOL SL has been authorised by the Canary Islands Government, Ministry of Education to provide education using the British Curriculum with added Spanish Studies to Spanish and foreign students, from Nursery level, 3 Years of age, to end of Sixth Form Year 13 at 18 years of age.

The main objective of WINGATE SCHOOL is to develop the education of all students in the school. We treat each child as an individual, identify their skills, and enable them to realise their potential for the future.

WINGATE SCHOOL is a selective school which facilitates a positive and inspiring learning environment for students and a work environment that is suitable for all. We are a school where everyone contributes to an all-round education that is focused on the student and fosters the community spirit that characterises the whole school.

For the legal security of all the people who use this school, we have developed these RULES AND REGULATIONS.

The rules are expressed as a series of commitments and professional obligations that all staff in the school should use and apply to their daily duties and the mandatory guidelines that students and parents must follow.

A serious breach of these regulations, can result in the termination of the contract and the exclusion of the student from school.

Wingate School reserves the right to modify these rules as it deems appropriate for the proper functioning of the school.

At 50% attendance, by Spanish Law, we must inform the Spanish Education Authorities and local Social Services. Parents wishing to take their child out of school during term time should complete an Application for School Leave and present it to the school office for authorisation. Accept the Head of School's decision on whether an absence is considered justified or not as a final and irreversible decision.

Confirmation of acceptance or placement on the waiting list will be provided upon completion of the enrolment and interview procedures. Please note that the school reserves the right to decline admission.

In cases where immediate placement is unavailable, the registration fee may be retained for the duration of time spent on the waiting list, or a refund of 120€ from the original fee may be requested if a class placement is not available at the time of application.

Should the applicant withdraw their application after a place has been offered, they will only receive 120€ of the original registration fee of 160€.

If the application is unsuccessful, a refund of 120€ from the initial registration fee will be provided.

The fees and other charges shall be paid termly in advance during the first ten days of each term.

The delay in payment of fees is subject to a surcharge of 5%. Non-payment of fees will result in the child being removed from the class list and their place being offered to the next child on the waiting list. Fees increase by a small percentage each year to take into account any additional incurred running costs to the school including the national interest rates (IPC).

Parents will be advised of this 4 months before the start of the academic year; it comes into effect via the school website and end of year newsletter.

The delay to provide the required paperwork for your child's admission within the four months from your initial applications will incur a late fee of 160€. It's important to adhere to the specified deadline to avoid these charges.

No payment will be refunded if the student does not attend school, whatever the cause. This also applies to transport and catering.

A deposit will be paid on acceptance and held until the child leaves. In order to reclaim the deposit parents must give written notice of leaving. For children leaving school at the end of the Autumn Term (ie in December) parents must advise the school by October 10th. For children leaving school at the end of the Spring Term (ie at Easter) parents must advise the school by January 30th. For children leaving at the end of the Summer Term parents must advise the school by May 7th.

Parents who remove their child during the term without prior notice and having not paid the required fees, will incur a "pro-rata" for the time they have attended the school, losing all rights to the return of the deposit.

The cost of books, supplies and Insurance for the EYFS and Primary students are included in the price. Year 5, Year 6 and all senior students are obliged to purchase a Chromebook from the school before commencing, payment to be made in advance.

All Chromebook purchases must be made through the school.

The Chromebook package includes a 4 year agreement with a technical support company in Santa Cruz to provide a temporary repair and replacement service to minimise any disruption to the education of the students. The warranty covers manufacturing defects but not repair costs to devices that have been mistreated. The warranty is not a guarantee.

The condition of a students' Chromebook is entirely theirs (and the parents) responsibility. Each device will need to be replaced and updated at the end of the 4 year agreement i.e. a student purchasing a Chromebook in Year 5 will need to purchase a new device from school in Year 9. It is compulsory for parents to replace their child's device with a new Chromebook purchased from the school and

payment will be required in advance of the purchase. This also applies to a student's Chromebook broken and deemed not fit for purpose.

No alterations or personalisation of the device can be made as this will have an effect on the warranty i.e. stickers or graffiti.

A suitable bag should be purchased for the safekeeping and transportation of the chromebook.

When a student leaves the school there is a fee of 45€ to arrange to blocks on the internet.

The school trips, cultural visits and excursions are an additional cost met by the parents and are compulsory unless a medical note is provided. An annual fee will be charged for Excursions at the beginning of the Autumn Term to cover the costs of 2 compulsory trips during the academic year.

In Years 10, 11, 12 and 13 the IGCSE, AS & A2 exams are charged over and above school fees.

Students should consider it mandatory to sit all exams in all subjects they have studied.

The subject exams taken are decided by the school based on an individual student's academic ability. Particularly at IGCSE level, parents will be advised well in advance if the school considers that a student would not benefit from sitting a particular subject exam.

In Year 11, 12 & 13, the fees for the full academic year will be charged, irrespective of whether students choose to prepare for exams at home during study leave. During study leave, attendance is not compulsory except if a teacher pre-arranges a revision lesson.

If accepted into Wingate School, students whose level of English is not sufficiently developed to successfully pursue an education in this language, will be required to provide extra classes in English outside the normal school hours, for a period of time that the school deems appropriate. In these cases the cost of the extra support lessons will be met by the parents. Parents who refuse this support will be considered to be in breach of the T&C's and the school can withdraw the offer of a place in Wingate School. (Refer to Duties of Parents & Guardians point 31 b and to Rights of Parents point 2).
